# DESCRIPTION OF TASK-1

Task: Digital Literacy Infographic

Overview:

- Designed a Digital Literacy Awareness infographic using Canva.
- The aim was to present important concepts in a simple and visually engaging format.

What I Did:

- Included topics like digital literacy, safe internet practices, useful tools, and email etiquette.
- Used icons, colors, and layout to make the content easy to understand.
- Focused on clarity and readability while designing.

Learning & Reflection:

- Learned how to present information visually in an effective way.
- Improved my creativity and design thinking skills.

- Faced a challenge in organizing multiple ideas without making the design crowded.
- This task helped me understand the importance of visual communication in learning.
